## PROFESSIONAL SUMMARY

Flutter Developer with 1+ year experience building production education apps serving 10,000+ active users. Promoted from unpaid intern to full-time developer after delivering features for 2 live apps on Play Store and App Store. Proficient in Flutter/Dart, Stacked architecture, Firebase, and cross-platform development. Currently contributing to third app while maintaining 99%+ crash-free rate.

## TECHNICAL SKILLS

**Languages & Frameworks:** Dart, Flutter SDK, JavaScript

**Mobile Development:** Cross-Platform, iOS, Android, Stacked Architecture, Provider, Material Design, Responsive UI

**Backend & Tools:** Firebase (Auth, Firestore, FCM, Crashlytics, Analytics), REST APIs, Git, GitHub, Postman

**Deployment:** Google Play Store, Apple App Store, TestFlight, App Release Management

## PROFESSIONAL EXPERIENCE

**SimpliEd** — Karachi, Pakistan

Flutter Developer | September 2024 – Present (Promoted from Intern)

- Promoted from unpaid intern to full-time Flutter Developer after 9 months by delivering production features for education platform serving 10,000+ active users across 2 live mobile apps
- Developed features for LMS app using Flutter/Dart and Stacked architecture, collaborating with 6-10 person team on code reviews, feature planning, and deployment cycles
- Integrated Firebase Authentication (Email/Google Sign-In), Firestore database, Cloud Messaging, and Crashlytics monitoring maintaining 99%+ crash-free session rate verified via Firebase Console
- Optimized app performance using Flutter DevTools profiling, reducing initial load time by 45% (3.2s to 1.76s) and app bundle size by 28% through code optimization
- Built responsive cross-platform UI with Material Design widgets ensuring consistent experience across iOS/Android devices and screen sizes
- Managed app store deployment including beta testing via TestFlight and Google Play Internal Testing, version control, and production releases for 2 live apps
- Currently contributing to third education app development while maintaining and enhancing existing production applications

## PROJECTS & CONTRIBUTIONS

- Budget Buddy: Built expense tracking app with Clean Architecture, Firebase Auth/Firestore, and CI/CD pipeline using GitHub Actions
- Hacktoberfest 2024: Contributed 8 pull requests to open-source Flutter packages (documentation and bug fixes)

## EDUCATION

**Bachelor of Science in Computer Science** (In Progress, Expected 2026)

Virtual University of Pakistan | Coursework: Data Structures, Algorithms, OOP, Software Engineering
